

CONFIDENTIAL

5 JUN 1972

MEMORANDUM FOR: Deputy Director for Support

**SUBJECT : Office of Personnel Report - Week Ending
2 June 1972**

1. Tempo of Retirements: As of close of business 2 June, the total of known retirements for FY 1972 was 562. Additional retirements will undoubtedly "surface" in June to increase the total for FY 1972. The prediction for FY 1972 retirements, made earlier in the Fiscal Year, was for a total between 480 and 530, including the effect of the cost-of-living increase. A revised estimate of approximately 585 seems to be in order. We will update next week.

2. Position Management and Compensation:

a. We are conducting a survey of the positions and pay rates for the Northwest Federal Credit Union. Descriptions have been developed and preliminary data for comparison has been obtained from the Navy Department, State Department and Pentagon. Other credit union comparison sources will be contacted including the Federal Credit Union Headquarters.

b. A final report on recommended qualifications, training, and career development plans for Computer Operators and Systems

CONFIDENTIAL

Programmers has been developed and is being coordinated.

3. Summer Intern Program: The schedule of briefings for summer interns in area studies is now final with the exception of identifying a speaker from the Office of National Estimates.

4. Exercise Room: We have received a petition signed by 81 women and 12 men requesting extension of the women's gym hours. We plan to meet with representatives of this group this week to discuss their proposal. At the present time, women have the option to use the Exercise Room 17 percent of the regular duty hours and this new proposal, if approved, would raise the availability of the Exercise Room for women to 25 percent of the regular duty hours.
